SUBJECT	Duration of ATV Contests		
Society	VERON	Country:	The Netherlands
Committee:	C5	Paper number:	22
Contact:	Evert Bakker, PA2KW	e-mail:	evert.bakker@wanadoo.nl

Introduction:

In this paper we want to raise the subject of the duration of contests for Amateur Television (ATV).

Background:

It has come to our knowledge that several countries handle different time of duration for the September IARU ATV-contests.
Some countries thought it was a 24 hour contest, though it was agreed not to be.

Key point and proposal:

VERON proposes to use the agreed time of 19:00 gmt start at the first day and stop 13:00 gmt on the second day. We can also vote to make it a 24 hour contest.
