

PARLAMENTO EUROPEO

FERNANDO FERNANDEZ MARTIN

DIPUTADO AL PARLAMENTO EUROPEO

Brussels, October 2008

Dear Sir, Dear Madam,
Dear colleague,

March 2007 we invited you to visit the Exhibition

Amateur Radio, a European Resource

set up in the Altiero Spinelli building, on the 3rd floor, at the Espace Bar.

The Exhibition highlighted several facets of the Amateur Radio Service such as the invaluable role of amateur radio volunteers assuring vital communications in case of catastrophe, educational outreach provided to the youth in domains of technology and science, especially space related, and many others.

This year we present to you the appended European National Days planner.

The planner has been developed by the EUROCOM working group of the International Amateur Radio Union, Region1. The planner provides the National Days of all the European Union Member States, as well as the national call sign prefixes identifying the amateur radio stations of each country.

We hope you find the calendar useful and that you enjoy using it.

Yours sincerely,

Gaston Bertels
EUROCOM WG chairman

Fernando Fernandez-Martin
Member of the European Parliament
