ARDF Report 2008

Up to now only one event took place: The 9th IARU Region 1 Youth ARDF Championships hosted by the Moldovan society ARM/FRRM. Up to now I received no report on this event.

The 14th IARU ARDF World Championships will be hosted by the Korean society KARL from September 2nd to 7th.

ARDF Report 2007

In 2007 there were three important ARDF IARU Region 1 events.

1. The 8th IARU Region 1 Youth ARDF Championships in Hormersdorf / Germany
This event was a big success and a proof for the constant growth of this event. For the first time in the history the number of participants exceeded 100. 11 societies from Region 1 competed in this event. The organizing society DARC did not expect such a large number of participants and was forced to shift the date of the event for one day. Also some entries were very late.

2. The 16th IARU Region 1 ARDF Championships
This Championship was organized by the Polish society PZK in Bydgoszcz. About 300 competitors from 21 IARU Region 1 societies and KARL from Korea as a special guest competed at this event.

3. The 28th Plenary Meeting of the IARU Region 1 ARDF Working Group was held during the 16th IARU Region 1 ARDF Championships were held. Some decisions regarding the rules were made. The minutes of this meeting are attached to this report.
When looking at the results of the voting at this meeting you will see that decisions are no longer made unanimously. Some proposals were not carried missing only two votes. Noting this I am afraid most of the time the sub group rules was working at the change of the rules were not made for the majority of the societies. Introducing the new categories W60 and M70 was important not to exclude old and experienced competitors, but from my point of view we should also focus on the youth. Without young competitors ARDF will die. Looking at events like the Youth ARDF Championship you will see the need for action.

To be prepared for the next Plenary Meeting of the ARDF WG in Cavtat I will circulate a questionnaire to check out the needs and wishes of our member societies.

I like to thank our record keeper Krzysztof Slomczynski SP5HS and our vice chairman Jiri Marecek OK2BWN for their work and assistance.

Attached to this report you will find records about the history of ARDF Championships and the results of the 8th IARU Region 1 Youth ARDF Championships and the 16th IARU Region 1 ARDF Championships.

Chairman opened the second part of the meeting on Friday, 14th September 2007, with the following remarks:

Some of the member's e-mail addresses are obsolete, this cause the problems with distributing WG correspondence and materials. To update the above, the list to get actual e-mail addresses has been circulated among the participants.

Attendant from France (Lucien Vidal) presented no proxy and was considered as observer only. The proxy for representative of Moldova Mr. Vasil Burlachenko has been received by e-mail during the meeting.

Chairman appealed to send entries to competitions as possible early (earlier than recently at EYAC), to avoid the problems for the hosting society.

Ad 9. The minutes of the 27th Plenary Meeting held in Primorsko, Bulgaria has been received unanimously.

Ad 10. The Chairman's report on the activity of ARDF WG has been received unanimously.

Ad 11.1 Chairman of Sub-Group Rules, Karl-Heinz H Mols DL9ME presented proposals regarding changes in the International ARDF Rules (Appendix A to the Invitation to the meeting).

Deputy Chairman of the WG – Jiri Marecek OK2BWN presented his opinion on the above proposal (Appendix B to the Invitation to the meeting).

Ad 11.2 Bulgarian society BFRA presented another proposal for changing the Rules (see appendix E to the Invitation to the meeting).

Member of Sub-Group Rules Panayot Danev LZ1US, presented his opinion in written, opposing the idea of ten transmitters.

The long and interesting discussion started on all presented proposals.

In Chairman's opinion, new categories are necessary for the future of ARDF. He proposed to accept the system of two times five transmitters. The number of searched transmitters for each category shall be decided. Two statements were received by Chairman regarding the change in the rules: from Austria and from Region 2. The proposal of ten transmitters should be postponed to be discussed in future.

In case of regional and World championships, the system applied should be known to the participating societies at least one year prior to the event.

LZ1US proposed to postpone any decision till the next year.

The following proposal was also presented: to leave the number of transmitters to be searched to decision of siting referee.

In effect of the different opinions on the proposals, the following voting was provided:

Voting 1 (mandatory change to the 10 transmitter system)
5 in favor, 10 against, none abstaining

Voting 2 (No. of transmitters for M60, W50: 4 – 5)
14 in favor, none against, none abstaining

Voting 3 (10 transmitters on one band as a second possibility)
8 in favor, 6 against, 2 abstaining

Voting 4 (10 transmitters on one band)
8 in favor, 6 against, 2 abstain

Voting 5 (new categories M70 & W60 – system 2 times 5 transmitters must be used!)
11 in favor, none against, 1 abstaining

Voting 6 (change in wording for SportIdent registering devices)
14 in favor, none against, none abstaining

Ad 12 .1 The preliminary information on the 9th Youth Championships in 2008 has been received by e-mail from Moldovan hosting society. The date is 13 – 16 June 2008, estimated cost of participation would be 120 EUR. Letters of intent stating the number of participants shall be mailed till 30 April 2008 to the e-mail address: president@radiosport.org

Ad 12.2 The preliminary information on the 10th Youth Championships in 2009 has been presented by Jiri Marecek OK2BWN. The date is June 29 to July 2nd 2009 in. The venue would be in Bohemian-Moravian Highlands, Czech Republic. Cheap accommodation would be provided in a tourist camp, estimated cost of participation would be price up to 150 EUR. New maps will be provided, height differences will not exceed 20 meters.

Ad 12.3 The written preliminary offer from the Slovak society SARA has been received, to host the 11th Youth Championships in 2010. No details were presented, so decision of the WG has been postponed to the next WG meeting in 2008.

Ad 13. The preliminary information on the 14th ARDF World Championships to be held in Republic of Korea in 2008 has been presented by the representatives of Korean Amateur Radio League. The date is 2 – 7 September 2008 and venue will be in the province Gyeonggi, surrounding the capital city Seoul. Estimated cost per participant will be 400 USD. Deadline for money transfer would be end of June 2008, but payment on arrival will be also accepted. More information will be available on the Championships page www.2008ardf.org

Chairman thanked the representatives of KARL for the information and wished him the pleasant stay in Bydgoszcz.

Ad 14. Two offers has been received to host 17th IARU Region 1 ARDF Championships in 2009.

Offer 1 from the Czech society CRC, presented by Jiri Marecek OK2BWN. The proposed date is 7 – 12 September 2009 and venue is Sumperk in the Czech Republic. Estimates cost of participation would be: option 1 (full accommodation and board): about 353 EUR, option 2: (no accommodation nor board): about 209 EUR.

Offer 2 from Bulgarian society BFRA, presented by Panayot Danev LZ1US. The proposed date is mid-September 2009 and venue is region of Varna on the Black Sea Coast. Estimated cost would be: 190 EUR (full accommodation and board) plus participation fee 89 EUR (competitors and team officials only), if paid prior to 30 June 2009.

On proposal of Chris Slomczynski SP5HS, the secret voting was executed. The 16 members of ARDF WG were present, result of the voting is as follows:

7 votes for CRC

9 votes for BFR

In result of the voting, the decision of the ARDF WG is that Bulgarian society BFRA will host the 17th IARU Region 1 ARDF Championships in 2009.

Ad 15. The formal offer to host the IARU ARDF World Championships in 2010 has been presented by the President of Croatian society HRS, Petar Milicic 9A6A. Date is 14 – 19 September 2010 and venue will be Dubrovnik on the coast of Adriatic Sea. The proposal has been preliminarily accepted by Regions 2 and 3. Details of the Championships including cost of participation are to be announced later.

The Working Group unanimously accepted the Croatian proposal. The Chairman will inform the other Regions on the decision of WG.

The Polish society PZK informed on the possibility of hosting the World Championships in 2012. The Czech society informed that will also apply to host this event.

Ad 16. The possibilities of convening the informal WG meeting in 2008 has been discussed> because of World Championships in Korea, only possibility would be the Ham radio event in Friedrichshafen, but this was rejected by the meeting. It was decided, that next plenary meeting of the IARU Region 1 ARDF Working Group will be held in November 2008 during the Region 1 General Conference in Cavtat, Croatia. The Chairman reminded, that the deadline for introducing of the conference papers is end of March 2008, to be send via e-mail only.

Ad 17. Jiri Marecek, OK2BWN reminds all WG members not to forget the Sprint competition at Region 1 or World Championships

The Chairman passed his thanks to the all participating WG members for their efficient and patient work. The attendants expressed recognition to the Chairman on his excellent and efficient chairing of the meeting.

Ad 18. The Chairman closed the meeting.

ARDF Report 2006

1. 7th Region 1 Youth ARDF Championships

The 7th Region 1 Youth ARDF Championships were hosted by the Polish society PZK. The venue was at the city of Grudziadz in the northern part of Pomerania.

9 Region 1 societies with 53 competitors and 16 officials took part in this growing event for youngsters below 15 years of age. Both competitions (80m and 2m) were well organized. This event is becoming more and more an important event for attracting youngsters to ARDF radiosport and to amateur radio.

The organising team from PZK did a very good job and I like to thank PZK for their effort to strengthen the youth in ARDF.

2. 13th ARDF World Championships 2006

The 13th ARDF World Championships 2006 were hosted by the Bulgarian society BFRA. The venue was at Primorsko at the lovely Black Sea Coast.

30 societies from all 3 Regions of IARU with more than 340 competitors competed for the titles of World Champion in ARDF. Region 1 and World ARDF Championships are still growing and organizing such an event is a real challenge. Up to 500 person (competitors, officials and visitors) need accommodation and transportation. The competitors are expecting high tech transmitters and time evaluation devices and the visitors and fans at home like to have information in the finish area and in the internet just in time. It becomes more difficult every time to handle such a big event..

BFRA did an excellent job in organising the 13th ARDF World Championships.

The results are attached to this report.

3. 27th Plenary Meeting of the IARU R1 ARDF WG

During the 13th ARDF World Championships the 27th Plenary Meeting of the IARU Region 1 ARDF Working Group was held. The minutes are attached to the report.

Prior to the meeting the change of the ARDF Rules Part A by the EC caused irritations among the WG members. Up to this moment no changes in the rules were made without discussion in the WG. After a controversial discussion in the WG meeting the WG accepted the change and also a further change proposed by LZ1US and LA2RR (see minutes for the voting). The WG members were not happy about the way this decision was taken.

Recommendation to the EC: The EC is kindly requested to accept the change proposed by LZ1US and LA2RR which says: **"Whenever possible, the WG should be allowed to give its view before any such decision is taken."**

Here are some of my personal thoughts to this change of the rule:

1. All WG members recognized the importance of the payments of the societies to Region 1.
2. The changed rules only can be followed if Region 1 supplies the information which societies have not fulfilled their dues 1 month prior to the event.
3. Only HST and ARDF events are effected by such changes of rules. Other Region1 activities like VHF/UHF or HF contests are not taken into account. For a fair treatment all Region 1 events should be taken into account.
4. For ARDF the change of the Rules Part A opens some new special cases.
 - 4.1. These rules are only valid for events held in Region 1. Next year the ARDF World Championships will be in Korea, Region 3. Region 3 has their own rules and our rules are not valid there.
 - 4.2. For events in Region1 the rules can be followed if the information about the payment is supplied by Region1. The rules can not be followed for societies from outside Region 1, because

I am afraid there is no exchange of financial data between the Regions. In this case there is no equal treatment of Region 1 societies and societies outside Region 1.

5. With this change of the rules we will lose countries without an amateur radio society and where ARDF is the only amateur radio activity. I received a mail from Kazakhstan that they will not be able to form a society and they are no longer able to take part in Region 1 ARDF events. The Kazakh ARDF team has good relations to Region 3 and hopefully they will be allowed to take part in Region 3 events. Maybe a possible member in the future for Region 1 is lost.
